

Respect. Response. Results.

Our Promise and Our Passion

The attorneys and staff of VanDerGinst Law are devoted almost exclusively to representing plaintiffs and claimants in injury-related cases. The firm has gained national prominence due to its successful usage of the internet and other technology in providing legal services.

The firm boasts a talented team of attorneys, many of whom have secured some of the profession's highest honors including selection to America's Premier Lawyers, the Best Attorneys Network, America's Top 3000 Attorneys, the Multi-Million Dollar Advocate's Forum, and of course, the Leading Lawyers Network.

VanDerGinst Law handles serious injury cases from across the country, associating with local counsel when necessary to get the best results. The firm has obtained record recoveries in numerous counties in which its attorneys have appeared. The firm has also been active in many mass tort campaigns across the country.

VanDerGinst Law's commitment to the civil justice system extends beyond the four walls of the law firm. Dennis VanDerGinst serves on the Board of Managers for the Illinois Trial Lawyers Association, is an Illinois State Delegate to the American Association for Justice, and is on the Board of Trustees for the Pound Civil Justice Institute. In fact, all of the attorneys are proud members of those organizations. Mr. VanDerGinst also serves on the national advisory boards for the Crime Victim Bar Association and the Association of Interstate Trucking Lawyers of America. The entire office actively works to improve the perception of the civil justice system by participating in community events and lobbying on relevant political matters.

When a personal injury attorney is needed, VanDerGinst Law is honored to help.
